

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, William C. Savage has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Ingalls Canon

through a reservoir and ditches for irrigation, power stock and domestic purposes, the point of diversion named in said

application being as follows: at the spring in Ingalls Canon which bears N 32° 35' W 153 feet distant from the SE corner of the NE 1/4 Sec. 17, T 32 N, R 39 E, M.D.B. & M. The water from two other springs and the natural channel of Ingalls Canon becomes tributary to this ditch in the east part of the NE 1/4 SW 1/4 Sec. 17, T 32 N, R 39 E, situated in Humboldt County, State of Nevada.

NOW KNOW YE, That the State Engineer, under the provisions of Section 29, Chapter XVIII, Statutes of 1907, has determined the amount of such appropriation as follows:

Name of appropriator William C. Savage.
Postoffice address 24 California St., San Francisco, Cal.
Amount of appropriation 0.574 cubic feet per second.
Date of appropriation October 25, 1910.

Description of irrigated land 2 acres orchard, 5.5 acres alfalfa, and 1.65 acres meadow in the SE 1/4 NE 1/4; 1 acre plowed land and 1.9 acres rye grass and meadow land in the SW 1/4 NE 1/4; 5.25 acres meadow and rye grass, 5.1 acres plowed land, 0.5 of an acre of garden, and 3 acres sage and grass pasture in the NW 1/4 SE 1/4; 0.51 acres meadow in the NE 1/4 SE 1/4; 0.29 acres meadow and 1.2 acres sage and grass pasture in the NE 1/4 SW 1/4; 3.4 acres rye grass, 9 acres grain, and 13 acres meadow in the central part of the SW 1/4, all in Sec. 17, T 32 N, R 39 E, M.D.B. & M. Also 3.5 acres rye grass and sage, and 0.6 of an acre of plowed land in the SE 1/4 SE 1/4 Sec. 18, T 32 N, R 39 E, M.D.B. & M, making a total of 57.4 acres.

Description of use other than irrigation The source of water supply for the irrigation of the land herein described, is derived from the springs heretofore mentioned, and the water from Ingalls Canon Creek at such times as it may reach the ranch. From the upper and largest spring, which flows .24 of a cubic foot per second, the water is conserved in an old reservoir, having a capacity of 4.69 acre feet. A new reservoir has been constructed adjacent to the old one with a storing capacity of 5.34 acre feet. The flow of the second spring is .07 of a cubic foot per second. The right to water hereby determined is limited to the period between March 1st and Oct. 1st of each year for irrigation, and the use is restricted to the place where acquired and to the purpose for which acquired; rights for irrigation not to exceed three acre-feet per year for each acre of land for which appropriation is herein determined. Continued title to water depends upon beneficial use of water appropriated.

IN TESTIMONY WHEREOF, I, W. M. KEARNEY, State Engineer of Nevada, have hereunto

set my hand and the seal of my office, this Thirteenth day of May, A. D. 1913.

Signature of W. M. Kearney, State Engineer
